Use the pricing file to calculate how much your recyclables are worth! Our buyback lists are constantly updated and reflect current market values for original equipment manufactured (OEM) cartridges. Although we cannot pay for any damaged and many remanufactured items, you can still turn them in for recycling. There is a \$20.00 minimum for issuing checks. Checks valued at equal to or less than \$19.99 will be held as a credit until the minimum is reached. Please make sure you have at least 20 units of other listed cartridges.
